

### **Meet&Eat for people with HIV from Eastern Europe and Central Asia**

The Hiv Vereniging organizes its first Meet&Eat for people with HIV from Eastern Europe and Central Asia. In recent years, we have seen an increasing group of people with HIV from this region in the Netherlands and would like to offer them the right information and ensure mutual contact and support. A group of volunteers has joined forces and is organizing this meeting.

#### **What and when?**

On Saturday 9 October from 13.00 to 16.00, the Hiv Vereniging will organize its first Meet&Eat for people with HIV from Eastern Europe and Central Asia (EE&CA region). During the Meet&Eat lunch is offered and people get the chance to meet each other in a safe environment. Information is provided in Polish, Russian and Romanian. The activity is free.

#### **For and by people with HIV from Eastern Europe and Central Asia**

The Meet&Eat is organized by volunteers from Eastern Europe and Central Asia and is only open to people from that region. We do this because we want to offer a safe place with targeted information in their own language.

#### **Sign In!**
